

VERITAS
STUDY VISIT
14-29 NOVEMBER 2015

Corsham Court Campus Veritas Study Visit - November 2015

You are warmly welcomed to this beautiful campus with its rich history of innovation and educational endeavour.

Corsham Court has been a centre for creativity, culture and enterprise since the 1940s when it was the home to the Bath Academy of Art, one of the precursor organisations that merged in the 1980s to form what is now Bath Spa University.

This campus has long nurtured world-class talent in the arts and humanities and today is supporting students working in fields that include Education, Creative Computing, Neuropsychology, Heritage Management, Creative Writing, English, Music and Art & Design. The Campus has its own library, IT workshop, quiet and social study spaces, a cafe and specialist facilities for music and textiles.

Please find below some weblinks which you may find useful during your visit:
