November 18		Departure		Transfer: Hotel-Arlanda airport

**Practical issues in relation to the visit to KTH Royal Institute of Technology
14-18 November 2015**

1. Arrival

The project team from Armenia arrives to Stockholm with the flight OS313 from Vienna. Transfer from Stockholm Arlanda Airport to the Hotel Alexandra is arranged by the buss. Upon coming out after collection of the baggage, please look for a person with the plate with the project name “VERITAS”. Professor Hans Mattsson also kindly agreed to meet the team at the airport. Please, follow the instructions of the bus driver and Professor Mattsson. The bus will take you to the hotel Alexandra situation in the central part of Stockholm.

2. Accommodation

Accommodation is provided in the hotel Alexandra with the address: Magnus Ladulåsgatan 42, SE 11827 Stockholm, Sweden. More information can be found at the web-address of the hotel: <http://www.alexandrahotel.se/index.php/en/index.html>

Room placement is done according to the list provided by Ms. Ruzanna Minasyan. KTH has already paid for the accommodation, the room prices are following: single room – 950 SEK/night, double room – 1290 SEK/night.

3. Transportation

Upon arrival to the hotel each team member will be provided with the set of the materials including:

- 72-hour transportation card. The card is valid on all public transport in the Stockholm region including metro, busses, local trains and the boat connecting Slussen and Djurgården. 72-hour validity is calculated from the time of the first use of the card.
- Programme of the event in Stockholm
- Information materials including map of the city and KTH campus

In order to reach KTH campus you will need to take metro red line towards Mörby Centrum. The metro station is situated 10 minutes walk from your hotel. You do not need to change lines; your destination station is “Tekniska Högskolan”. The travel from your station – Mariatorget to the destination – Tekniska Högskolan takes approximately 12 minutes. Upon arrival to the station Tekniska Högskolan you shall take the exit situated on the back of your train (the station has 2 exits) and then follow the signs towards Tekniska Högskolan. I attach the map of the university campus with the location of the venue of the event – Brinellvägen 8.

4. Further issues

During the activities at KTH on the territory of the KTH campus the wireless Internet access will be offered for the team members. Login credentials will be provided upon your arrival.

Transportation from the hotel to the airport November 18 will also be arranged with the bus. It is planned that the bus will come to your hotel 8:30 November 18. The departure time can be adjusted upon your request.
